AUDITORS REPORT

Public Accountant and Auditor L. EVERETT OUTHOUSE Portland 3, Maine

September 25, 1958

Board of Selectmen Town of Waterboro Waterboro, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Waterboro for the fiscal year ended February 1, 1958.

The examination was made in accordance with generally accepted auditing standards and include all procedures which were considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro, and the results of its operations for the Municipal Year ended February 1, 1958.

Respectfully submitted,

L. EVERETT OUTHOUSE.

Town of Waterboro AUDITOR'S COMMENTS YEAR OF 1957

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the bank statement, and a written confirmation with the Springvale National Bank was made.

The Savings Account Balance for the New School Building Fund was confirmed directly with the Canal National Bank of Portland.

Uncollected Taxes and Tax Liens were also verified by written confirmation.

General

The procedure for keeping the municipal records of the Clerk-Treasurer and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the Selectmen do not keep the Town Records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

Scope of Audit

This Audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording Cash transactions. The system of internal control was revised as to the handling of cash and other matters of financial concern, and external verifications, on a test basis, were utilized to determine the correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined for a selected period. Bond and Insurance coverages were examined. Excise Tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to to determine that the financial transactions had been properly administered.

TOWN CLERK'S REPORT OF DOG LICENSES

During the year of 1958 there were one hundred fifty-two (152) Dog Licenses issued from this office. In addition there were two (2) kennel licenses issued.

These licenses represent two hundred sixty-six dollars and sixty cents (\$266.60) which was received and paid to the Treasurer of the State of Maine for credit on accounts from the Town of Waterboro, Maine.

The following licenses were issued:

98	Males\$	112 70
36	Spayed Females	41.40
18	Females	-1.10
	Kennels	92.70
4	remers	19.80

\$ 266.60

Respectfully submitted,

HARRY A. SMITH.

Town Clerk, 1958

NOTICE TO DOG OWNERS — 1959

YOUR 1959 DOG LICENSE will be due and payable APRIL 1, 1959. The fee for which is Males and Spayed Females \$1.40. Females \$5.40. If unpaid by June 1 you will be notified by mail and an extra fee will be charged, as permitted by law, then, if unpaid you may be summoned into court which will cost you several times the cost of the said dog license.

DO NOT LOOK for any bill from the Collector or Town Clerk. This is a License, not a Tax, and it is up to you to see that it is paid.

See Revised Statutes, Chapter No. 100, Section No. 14, 1954 R. S.

REPORT OF THE BUILDING INSPECTOR

This being the first annual report since the Building Code was adopted, I would like to make a few comments of the attitude of not only those who have come to me for permits, but others who have talked with me about the Code. Ninety-nine per cent of the towns folk, as well as our non-resident friends, have expressed the opinion that adoption of the Building Code is a great step forward for the Town of Waterboro. Every one has been very cooperative.

A copy of the Code was mailed to the Maine Municipal Association, for the purpose of obtaining their legal opinion of it. They suggested that the fine for violating the Code be reduced to \$100.00. An article has been inserted in the Warrant to amend the fine as suggested. One paragraph of their letter to us might be of interest to you, and is as follows: "We have read your Building Code with a great deal of interest, and wonder if you might have a few extra copies you could send us for our library." The copies have been mailed to them.

Since the Code went into effect, 34 applications have been received, and 32 permits were issued. Two were denied because they could not conform to the required specifications.

Permits granted are broken down as follows: for permanent dwellings, 2; garages, 5; additions and remodeling, 10; cottages, 7; boat houses, 2; buildings moved, 4; construction at the Waterboro Company, Inc., 2. The total value declared by the applicants amounts to \$47,650.

Not only is the Code achieving its goal of producing more attractive buildings throughout the town, but also serves as an important factor as a means of giving the assessors a clearer picture of new values to be taxed.

Respectfully submitted,

JOHN E. HANSCOM

REPORT OF THE OSSIPEE VALLEY DEVELOPMENT ASSOCIATION

To the citizens of the town of Waterboro please accept our thanks for your support and the cooperation of your representatives. The Association has sent out hundreds of letters and brochures advertising this area and four important contacts have been made by this method, others by personal contacts. However, we find we are in one of the most competitive fields in the United States.

We have concentrated on the factory building in Limerick and have found the industries we would welcome to our community are more interested in a one story modern building. On this basis we decided to incorporate. This has been done and we are now in a position to take advantage of the Maine Industrial Building Authority Act should the occasion arise.

We shall take our prospects over the area and let them choose the location best suited to their needs. We therefore, urge you to carefully consider the following:

- 1. Choose at least two sites in your town.
- 2. Do everything possible to make your town attractive and always be ready to point out the advantages of the area. The person you are talking to may be an expert hired to do a survey by a large company.
- 3. Do not neglect Educational Facilities as the personnel retained by large companies will insist on Grade A schools for their children.

If you have problems please feel free to consult the Association. We have had a year of experience and with the cooperation of the State Department of Economic Development and the U. S. Chamber of Commerce, we shall continue to try to fill every available factory building and to build more.

ARCHIE F. EVANS,

Vice-Chairman.

ANNUAL REPORT OF THE PUBLIC HEALTH NURSE

It is good to have an opportunity such as this to evaluate our program and to think through how we can all work together to improve it in the future. This type of program should never be static. It should be always growing and developing to meet the needs of the community, grounded on certain basic principles and standards. As much responsibility for the success or failure of such a program lies with the community as with the nurse.

A significant part of our program involves the school children. In January, 19 first grade pupils were given a thorough physical examination by Dr. Carl Richards of Alfred. The cooperation of the school board and the custodian of the East Waterboro School is appreciated for making facilities available in that school. An immunization program in addition to polio vaccine was also held and well accepted (at least by the parents) as evidence the fact that 62 smallpox vaccinations, 39 diphtheria, whooping cough and tetanus boosters and 12 diphtheria, pertussis, and tetanus series were given. Hearing tests were given to 64 pupils in grades, one, four and seven and teacher referrals from other grades last spring. After a discussion with the superintendent of schools, hearing tests were given only to grade one and teacher referrals from other grades this fall. The rest of the school population had been tested with the puretone audiometer in previous years Vision rechecks have been done as requested by the teachers. In all cases of physical, hearing, or vision defects parents have been notified. Where indicated, a home visit has been made by your nurse to discuss defects with the parents and to help them understand the problem and find a means of seeking correction. However, just as school life is only a part of the total community and family life, so the school program should take only a part of the nursing time in a generalized program such as you have. Consideration must also be given to infants, preschool children and adults who might need nursing help with mental or physical health problems.

Through the efforts and cooperation of the Parents Club, a series of child health conferences was held for infants and preschool children. The response was disappointing. I would like to feel that this was because all of the infants and preschool children in town are seen by their family physicians at other times than for acute illness and that they have all been properly immunized This is an instance of the need for mutual responsibility and cooperation mentioned before. The Parents Club and your nurse do have the responsibility for offering such a program and for seeing that transportation is available if needed, but it is the responsibility of the parents to make use of the opportunity when it is offered. Such a program is especially important for infants under one year and for those children getting ready to enter school in the fall, but none should be excluded

Emphasis on home visiting has been continued. Visits are made to any family who needs help in solving its health problems.

I would like to take this opportunity to thank the town and school officials, Parents Club and all others who are helping to build a successful program in Waterboro.

Respectfully submitted,

HELEN L. BASSETT, R. N. Division of Public Health Nuring

REPORT OF THE

To the Members of the Superintending School Committee, Citizens of the Town of Waterboro:

The enrollment in the elementary schools of Waterboro is as follows:

Grade	1	East Waterboro	16
Grade	2	East Waterboro	31
Grade	3	South Waterboro	22
Grade	4	South Waterboro	25
Grade	5	South Waterboro	27
Grade	6	South Waterboro	32
Grade	7	South Waterboro	18
Grade	8	South Waterboro	14
-		· -	
To	tal		185

There are 66 high school pupils at Sanford High School. Of this number, 14 are freshmen, 22 sophomores 17 juniors, and 13 seniors. We also have one student in the freshman class at St. Ignatius High School.

Statistics seem to indicate that our school population will remain quite stable for the next two years, assuming that first grade enrollments average about 20. In September of 1961 our high school enrollment will again start to grow and reach an all time high of approximately 100 in September of 1963.

During the past few months a group of interested citizens have been making a study of the town and its educational system along with the provisions of the Sinclair Bill. This group will soon be meeting with coresponding groups from neighboring towns to explore the possibilities of the formation of a school administrative district. All interested citizens are cordially invited to attend these meetings.

Your school committee is to be congratulated for the many improvements in the appearance of the interior of your schools. This is a project that should be continued. The exterior of the South Waterboro School is in dire need of major repairs. The roof needs to be resurfaced to prevent leakage which would damage interior repairs already made and the exterior walls need to be repaired and repainted.

Your school committee is taking every step possible to keep your children safe from fire. The plan of the building is such that major changes would be necessary, at almost prohibitive cost, to make the present stairwells come within the modern building safety code.

In conclusion, may I thank the members of the school committee, teachers, parents, and friends of the Waterboro Schools for their continued cooperation during the past year.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent of Schools

A TRIBUTE TO SAVERS

THOSE individuals who save money are

better workmen. They do their work better; They behave better; I would sooner have in trade a hundred men who save money than two hundred who would spend every shilling they get.

In proportion as individuals save money their morals are much better; they husband their savings and they behave better for knowing that they have a stake in society.

HARRY A. SMITH.

Treasurer, 1959

NOTE: As "Voted" under Article No. 39 Annual Town Meeting March 8, 1958, the fiscal year of the Town of Waterboro is the calendar year for 1958 and future years. Therefore add the 1958 Taxes collected to January 31, 1959, as shown \$10,507.80 to the Cash Balance January 1, 1959, \$2,030.92, and amount of \$12,538.72, or about the same balance as per other years.

The discount method was voted under Article No. 29, to be used in year 1959, and for your information, your Collector of 1958, as of September 1, 1958 had paid Treasurer \$19,341.20 on the 1958 commitment. On September 1, 1959 Collector's receipts and paid to Treasurer \$42,620.23 less discount allowed of \$414.71 or \$42,205.52 or a difference of \$22,864.32 in the Treasurer's accounts at the same date. Hoping you will see fit as Taxpayers of the Town of Waterboro to vote for the discount method for the year of 1960.

Board of Selectmen Town of Waterboro Waterboro, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statues of 1954, we have audited the financial records of the Town of Waterboro for the fiscal year ended December 31, 1958.

The examination was made in accordance with generally accepted auditing standards and included all procedures which were considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro, and the results of its operations for the municipal year ended December 31, 1958.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/o

TOWN OF WATERBORO

Comments

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the bank statement, and a written confirmation with the Springvale National Bank was made.

The Savings Account Balance for the new School Building Fund was confirmed directly with the Canal National Bank of Portland.

Uncollected Taxes and Tax Liens were also verified by written confirmation

General

The procedure for keeping the municipal records of the Clerk, Treasurer and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the Selectmen do not keep town records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording Cash Transactions. The system of internal control was revised as to the handling of cash and other matters of financial concern, and external verifications, on a test basis, were utilized to determine the correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined for a selected period. Bond and insurance coverages were examined. Excise taxcollections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

TOWN CLERK'S REPORT OF

During the year 1959 there were one hundred forty-five (145) Dog Licenses issued from this office. In addition there were two (2) kennel licenses issued.

These licenses represent two hundred sixty-two dollars and fifty-five cents (\$262.55) which was received and paid to the Treasurer of the State of Maine for credit on accounts from the Town of Waterboro, Maine.

The following licenses were issued:

89	Males\$	102.35
37	Spayed Females	42.55
19	Females	97.85
2	Kennels	19.80

\$ 262.55

Respectfully submitted,

HARRY A. SMITH, Town Clerk, 1959

NOTICE TO DOG OWNERS - 1960

YOUR 1960 DOG LICENSE will be due and payable APRIL 1, 1960. The fee for which is Males and Spayed Females \$1.40. Females \$5.40. If unpaid by June 1 you will be notified by mail and an extra fee will be charged, as permitted by law, then, if unpaid you may be summoned into court which will cost you several times the cost of the said dog license.

DO NOT LOOK for any bill from the Collector or Town Clerk. This is a License, not a Tax, and it is up to you to see that it is paid.

See Revised Statutes, Chapter No. 100, Section No. 14, 1954 R. S.

REPORT OF THE BUILDING INSPECTOR FOR 1959

Having ended the second year in which the Building Code has been in effect, I can truthfully say that in most cases the people have been very cooperative.

Practically everyone agrees that it is accomplishing its purpose and that it should have been in effect long ago. The Planning Board feels that there should be some amendments made to the Code, a meeting will be held before our annual town meeting to discuss such changes.

There were a few, although their intentions were good, who did not apply for their permit until they were well along with their project. In one or two instances the job had been finished before a permit was obtained. This is, of course, not permissible, and I trust that in the future this will not be practiced. Anyone so doing is subjecting themselves, not only to a penalty, but might have to make costly changes in order to conform to the Code. I would also remind those who obtained permits and have not started their work within three months from date of issue, that the permit becomes void. See "Waterboro Building Code" Page 4, Section 4, Paragraph D.

During 1959 there were sixty-one (61) permits issued. Four applications were denied.

A general break-down is as follows: 4 new dwellings, 13 cottages, 7 garages, 1 barn, 1 boathouse, 1 gas storage shed, 1 carport, 12 additions, 4 remodeling, 6 toolhouses, 5 to move buildings, 6 to move trailers.

The estimated value declared was \$34,500.00 Quite a few did not declare their value. I believe these would easily add up to another \$20,000.00.

Respectfully submitted,

JOHN E. HANSCOM,
Building Inspector

ANNUAL REPORT OF THE PUBLIC HEALTH NURSE

It is time again to review and evaluate the effectiveness of the nursing service offered by the State Department of Health and Welfare.

Miss Bassett left me the statistics of work completed. With the puretone audiometer hearing tests were done on 23 pupils. Dr. Carl Richards, M. D., did physical examinations on 45 school children.

Even though I have information which M ss Bassett left, I find it hard to give your community a comprehensive annual report. It is difficult to tell you of the many home visits she made as she followed through notifying parents of defects found as a result of the programs listed above.

In October at the request of the teachers, I rechecked with the Snellen Chart several children's vision. Since that time one pupil is under medical care. Home visiting does constitute a major part of the nurses' time for she serves the family as a health counselor.

In November during Diabetes Detection Week specimens of 66 children in the Waterboro schools were checked for sugar. Thanks to the cooperation of the management of the Waterboro Company this same program was carried out. There were 13 tests done, three of which were positive. I talked with those parents and recommended that they consult their family physician.

In checking Miss Bassett's resume of work for the past four years, I find a lack of continuity in your

program. For example, child health conferences have been held twice in this period instead of annually. What can we do to remedy this? Is a health council the answer? It is wisely said that public health is people, who are so concerned with good health for themselves, their neighbors, and their community that they work for this priceless possession. A successful public health nursing program does, and indeed should, depend largely upon interest, support, and volunteer work of the local people, individually and through organized group effort. It is the organized effort which we are seeking to establish in Waterboro for experience shows that enduring health programs are those that the people have understood and have had a hand in developing.

The public health nurse gives directly those services that require her special professional nursing skills and gives leadership and counsel to the townspeople in developing, cooperatively, the health programs most suitable for their community.

It has been a pleasure working in your town and I am looking forward to the year of 1960.

Respectfully submitted,

JANICE BENSON, R. N.

Division of Public Health Nursing

A REPORT TO THE COMMUNITIES

of Limerick, Newfield, Cornish, Parsonsfield, Porter,
Hiram, Baldwin, Limington, Hollis, Acton,
Shapleigh and Waterboro

During the past year the Ossipee Valley Development Association has been very active, primarily in attempts to attract industry to the area, and has as a practical matter tried to fill existing buildings in Limerick and other towns that formerly were so important in the area's economy.

The buildings are still vacant but through printed brochures, 2500 in all distributed by the Department of Naval Procurement, and other forms of advertising and personal contacts, in many states the advantages of our area are becoming more well known. Several labor surveys were undertaken and made known to prospective industries.

Indirectly the establishment of the CBS-Hytron plant in North Windham will be of value to all of us. The economic effects of these new jobs will spill over somewhat into our communities. We know that the personal contacts that we had with this company over a two-year period helped greatly to bring them to Maine. We should not be too disheartened that they chose to establish nearer the north-south super highway.

We have been in contact with hundreds of companies, twenty of which have expressed more than a little interest. Four, a plastics firm, an electronics company, a metal-working corporation and a shoe factory, are still weighing their decision. Of the others, three have decided to move to other Maine locations all within easy commuting distance of our area. This

is real progress as it should result in a better employment situation generally. In 1960 we feel that, with more activity on our part and with a steady moderate expenditure of funds raised in the town meetings, we will make more progress.

It has been most pleasing to see the establishment of Aetna Electric in Kezar Falls. The Kezar Falls Development group deserve all of the credit, but people of the Ossipee Valley Development Association were glad to be in a position to give them a little assistance.

We have been offered, and have enlisted, the aid throughout the year of the owners of the industrial buildings, our congressmen, the U. S. Department of Commerce and the Maine Department of Economic Development. Much assistance and advice has been given us and will be extended to us in the future.

Our program for 1960 will be directed by Russell Foss, an Industrial Development Consultant, who we have retained on a part-time basis.

It is planned to divide the program as folows: Emphasis to be placed on acquiring industries through direct mail and periodical advertising and personal contacts. A definite plan to attract several thousand additional summer visitors through recreational advertising and through informing rock and mineral collecting hobbiests in the U. S. of the excellent sources in our area. A sustained series of publicity and information about our area to be fed to newspaper and other media throughout the year.

Funds for the program will be sufficient if most towns will raise \$150 at their town meeting.

Thank you for your support.

ARCHIE EVANS, Chairman Ossipee Valley Development Assn.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the Superintending School Committee, Citizens of the Town of Waterboro:

The enrollment in the elementary schools of Waterboro is as follows:

Grade	1	East V	Waterboro .		21
Grade	2	East	Waterboro		15
Grade	3	South	Waterboro		25
Grade	4	South	Waterboro		22
			Waterboro		
Grade	6	South	Waterboro		24
Grade	7	South	Waterboro		29
Grade	8	South	Waterboro		18
				-	
	To	tal			177

This is a decrease of 8 over the enrollment reported last year. There are 63 boys and girls from Waterboro attending high school. 60 of these are at Sanford High School, 2 at St. Ignatius High School, and 1 at Kennebunk High School.

During the past year we were most fortunate to obtain the services of Mr. Dimitri Sotir to replace Mr. Harmon as principal and 6th grade teacher. Mr. Sotir has done an excellent job. During the present school year grades 6, 7 and 8 have been departmentalized so that each of the three teachers is able to teach in the area for which she feels better prepared. This arrangement gives the boys and girls experience which closely corresponds to a junior high school situation and bet-

ter prepares them for high school. Mr. Sotir has recently revised the physical education program for the whole school to more clearly comply with the regulations of the State Department of Education.

The 99th session of the legislature of the State of Maine made certain changes in the provisions of the Sinclair law which makes the formation of a school administrative district in this area rather unfeasible. Because of this fact there has been no activity among the committees which were studying the possibility of the formation of a district. At the present time your Superintendent is exploring the possibilities of presenting a special bill to the 100th Legislature in an attempt to try to solve the problems which seem to be peculiar to our situation.

As you undoubtedly know, your Superintendent's office was moved from the Alfred School Building to the Alfred Town Hall during the past year. The new quarters are most satisfactory and you are all invited to drop in and visit us at any time.

In conclusion, may I thank the members of the School Committee, teachers, parents, and friends of the Waterboro Schools for their continued cooperation.

Respectfully submitted,

WILLARD T. JACOBSEN,
Superintendent of Schools

STATE OF MAINE

County of York, ss.

To

FORREST LASKEY

A Constable of the Town of Waterboro in the County of York and the State of Maine

GREETINGS:

In the name of the State of Maine, you are hereby commanded to notify and warn the Inhabitants of said Waterboro, qualified to vote in town affairs, to assemble at the Town House, in said Town, on Saturday, the 12th of March, A. D. 1960, at 10 o'clock A. M. then and there to act on the following articles, to wit:

A Tribute to Savers . . .

THOSE individuals who save money are better workmen. They do their work better; They behave better; I would sooner have in trade a hundred men who save money than two hundred who would spend every shilling they get.

In proportion as individuals save money their morals are much better; they husband their savings and they behave better for knowing that they have a stake in society.

YORK, ss.

PROBATE COURT

To the Selectmen of the Town of Waterboro in said County,

GREETING:

You are appointed trustees of the estate given in trust for the benefit of "Nutter burial lot at rear of Town House, Waterboro, Maine," under the will of Annie M. Nutter late of Waterboro in said County of York, deceased, testate, which will was proved and allowed on the fifteenth day of September A. D. 1914, by said Court and is now on record in this Court, and you are ordered:

First—To faithfully execute said trust according to the will of said testatrix, so far as is consistent with law;

Second—To make a true and perfect inventory of the real estate, goods and chattels, rights and credits of said estate, and return the same into the Probate Office at such time as the Judge orders;

Third—To render an account of the income and profits thereof, and of payments and expenses once in three years, and oftener if required by the Judge;

Fourth—At the expiration of said trust, to settle your accounts with the Judge; pay and deliver over all balances, sums of money or other property, that are due, and give possession of any other estate with which you are entrusted, to the persons entitled thereto.

Witness, John B. Roberts, Judge of said Court at Alfred this fourteenth day of April in the year of our Lord one thousand nine hundred and sixty.

s/g J. WOODROW VALLELY,

Register.

Board of Selectmen Town of Waterboro Waterboro, Maine

GENTLEMEN:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Waterboro for the fiscal year ended December 31, 1959.

The examination was made in accordance with generally accepted auditing standards and included all procedure which was considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro, and the results of its operations for the municipal year ended December 31, 1959.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/o

TOWN OF WATERBORO

Comments

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the bank statement, and a written confirmation with the Springvale National Bank was made.

The Savings Account balance for the Municipal building fund was confirmed directly with the Canal National Bank of Portland, and Gorham Savings Bank, of Gorham, Maine.

Uncollected Taxes and Tax Liens were also verified by written confirmation.

General

The procedure for keeping the municipal records of the Clerk, Treasurer and Tax Collector were examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Although, the Selectmen do not keep the town records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording Cash Transactions. The system of internal control was revised as to the handling of cash and other matters of financial concern, and external verifications, on a test basis, were utilized to determine the correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined for a selected period. Bond and insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the arministration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

TOWN CLERK'S REPORT OF DOG LICENSES

During the year 1960 there were one hundred fortythree (143) Dog Licenses issued from this office, in addition there was one (1) Kennel License issued.

These licenses represent two hundred forty-two dollars and thirty-five cents (\$242.35) which was received and paid to the Treasurer of the State of Maine for credit on accounts from the Town of Waterboro, Me.

The following licenses were issued:

88	Males\$	101.20
38	Spayed Females	43.70
17	Females	87.55
1	Kennel	9.90

\$ 242.35

Respectfully submitted,

HARRY A. SMITH,

Town Clerk, 1960.

NOTICE TO DOG OWNERS - 1961

Your 1961 Dog License will be due and payable April 1, 1961. The fee for which is, Males and Spayed Females \$1.40. Females \$5.40. If unpaid by June 1st, you will be notified by mail and an extra fee will be charged, as permitted by law, then, if unpaid you may be summoned into court which will cost you several times the cost of the said dog license.

DO NOT LOOK for any bill from the Collector or Town Clerk. This is a license, not a tax, and it is up to you to see it is paid.

See Revised Statutes, Chapter No. 100, Section No. 14, 1954 R. S.

REPORT OF THE BUILDING INSPECTOR 1960

It is a pleasure to be able to report a substantial amount of activity in new building as well as additions to older dwellings the past year. This, of course, means a healthy increase in the town's valuation. When all work has been completed, for which permits have been issued, it could well increase the valuation by 75 to 100 000 dollars.

The general break down is as follows: 3 new dwelling houses, 21 cottages, 1 boathouse, 1 barn, a post office building, 12 additions to dwelling houses and cottages. Four were issued for renovations and two for repairs. Also, 1 building was moved into town and 1 moved out, 8 were moved within the town.

There were six applications denied, and let me assure you that the building code in these cases really kept some undesirable shacks from being located along our highways. I feel, in fact I know, that our Building Code has been very effective in helping keep undesirable and unslightly buildings from appearing beside our town highways. It is also apparent that it incites a willingness on the part of home owners to improve the appearance of their buildings.

Once again may I remind you to get your permit before you start your project. It might save you some financial embarrassment.

Respectfully submitted,

JOHN E. HANSCOM,
Building Inspector

ANNUAL REPORT OF PUBLIC HEALTH NURSING SERVICES IN WATERBORO FOR THE YEAR 1960

Public health, in simple terms, is the sum total of the health of individuals and families living in a community. An organized program for public health is one that offers those individuals and families every possible chance of living and enjoying life, free from the handicaps of preventable disease and disability. In more formal terms, the objective of a public health program is to bring to all the people the benefits of modern medical and related sciences including the care and rehabilitation of the sick and disabled, the promotion of healthful living, and the prevention and control of disease.

A number of people are involved in the attaining of this objective. All together they make up a "health team". The public health nurse is an essential member of this team. She shares in planning and action with other workers in the fields of health, education, and welfare; with physicians, hospitals, clinics; with school personnel; with citizen groups. One of her important functions is coordination with the others involved to provide public health services to individuals, families, and community. Citizens of the community are also essential members of the health team. Alert to the health needs of their community, taking their share of responsibility to meet these needs, their contribution as health workers is indispensable to the effectiveness of the public health program. A vital, dynamic. working "health team" in the local community strengthens the public health not only of that community, but also of the State and the Nation.

ANNUAL REPORT OF THE PUBLIC HEALTH NURSE

Until August 1960 when Miss Janice Benson resigned, the public health nurse spent about one day a week in Waterboro. In December 1960 Miss Barbara Ney was appointed public health nurse for this area so that nursing service on this basis has been resumed.

Home visits to families forms the basis for the nurse's work. Visits were made to new mothers, infants, preschool and school age children and adults with health problems, to children and adults handicapped by long-term illness or disabilities. In these homes she demonstrates and teaches nursing care, teaches good health practices, or makes known and refers families to available health services.

Promotion and participation in group health activities constitute part of the nurse's job. Three child health conferences were held at which children under six were examined by a physician and immunized against preventable diseases. The attendance at these sessions was 108. The following immunizations were completed:

Smallpox	18
Diphtheria	23
Whooping Cough	23
Tetanus	23
Polio	40

One hundred and forty-two third and fourth injections of polio vaccine were given to school children. The overwhelming response of parents of young chil-

dren to the child health conferences indicates the need to continue these each year. Studies show that healthy children adequately immunized, upon entrance to school are most likely to remain healthy.

In the schools the nurse gave individual hearing tests to 36 children who were referred by the teachers. Periodic visits were made to discuss with the teachers health problems of the children. Home visits were made to children referred by the teachers, or by the results of the vision and screening tests. The most important aspect of any program designed to find defects is the follow-up and correction or alleviation of those defects.

Without the support of interested members of the community, these health programs would not be possible. In towns where these interested citizens have banded together to organize a health council, these programs can be broadened and strengthened. The limited time of the public health nurse can be used more effectively. I would like to thank the towns people who helped in carrying out the health program. I would also like to set a goal for 1961—organization of Waterboro Health Council.

Respectfully submitted.

ELEANORE M. IRISH, R. N. Division of Public Health Nursing

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the Superintending School Committee, citizens of the Town of Waterboro:

The enrollment of the elementary schools of Waterboro is as follows:

Grade :	1	East '	Waterboro	31
			Waterboro	
			Waterboro	
Grade 4	4	South	Waterboro	28
Grade 5	5	South	Waterboro	21
Grade 6	3	South	Waterboro	23
Grade '	7	South	Waterboro	23
Grade 8	3	South	Waterboro	28
To	о1	al		194

This enrollment is an increase of 17 over the enrollment reported at this same time last year.

There are 54 boys and girls from Waterboro attending Sanford High School and 2 girls at St. Ignatius High School. This is a total of 54 and represents a decrease of 9 in our total high school enrollment of last year at this time.

We were all saddened by the death of Mrs. Natalie Hobbs during the early part of the school year. Mrs. Hobbs had faithfully served the boys and girls of Waterboro for a period of 29 years and would have reached mandatory retirement age in June of 1961. Her passing will be mourned by all who knew her and had the privilege of studying with her.

We were most fortunate in obtaining the services of Mrs. Ethel Bradeen, an excellent teacher, to continue as teacher of Grade 3.

Mr. Sotir and the teachers of Grades 6, 7 and 8 are continuing with the departmentalized program for these grades in the South Waterboro School. Other changes in the program are taking place in an attempt to more nearly meet the needs of each pupil. This program is unique in this area and probably is the first such program operating in the State of Maine.

During the past year your School Committee has replaced the roof on the East Waterboro school, completely redecorated the interior of the East Waterboro School, installed fire doors in the South Waterboro School and, in general, made your buildings as safe as possible for the housing of the boys and girls of Waterboro.

A committee composed of members of the school committees of the various towns and other interested citizens are continuing their study of the possibilities of a formation of a school administrative district. These studies will continue through the spring with a complete report being made to the citizens of the various towns soon after the adjournment of the 100th Legislature.

The school committees of School Union No. 6 have, in my opinion, taken a great strike forward in providing your Superintendent with the assistance of an ad-

ministrative assistant. It is the sincere hope of your School Committee and Superintendent that this move will allow your Superintendent to spend more time in the classrooms working with your teachers in an effort to improve the quality of instruction at every grade level.

Once again may I express my appreciation for the continued cooperation of the School Committee parents, and citizens of Waterboro.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent.

WATERBORO FIRE DEPARTMENT

The following account as a summary of the activities of the Waterboro Fire Department for the past year:

- 42 Fire Calls
- 29 Grass Burning Details
 - 3 Wells Pumped Out
 - 2 Cats Retrieved
 - 5 Lost Persons
- 1 Skating Rink at School Flooded
- 11 Rescusitator Calls
- 30 Ambulance Calls

During this past year we have purchased an ambulance, without funds from our appropriation from the town, but by money the members of the Fire Department and Auxiliaries have raised. It is being fully maintained by donations. We believe the townspeople will benefit from this added service to the town.

The fire calls have been few this year, according to the past years. One never knows what the coming year will bring and we must be prepared to meet any and all emergencies. As you can see in the expenditure list of last year the greater part of the appropriation goes for insurance and maintenance of our buildings. This does not give us the necessary working capital which we so greatly need.

Efficiency is a wonderful thing, but it takes more than the "will for the deed." If the fire service is to measure up to its responsibilities, it must have the necessary wherewithal. Adequate fire safety is not "bought in a bargain basement."

The Waterboro Fire Department is the only organized Fire Department in York County without the benefit of a communications system, mainly radios. Due to the mutual agreement with out-lying towns, we have been very fortunate in securing their radios for our use when they have been available. Should we expect so much???

This is the hour of decision for the fire service and for those responsible for its progressive development to meet the needs of the day and the needs of tomorrow.

Respectfully submitted,

PHILIP A. HOLMES,

Fire Chief

REPORT OF SURPLUS FOOD

Having completed the first full year of surplus food distribution, we believe it only fitting to report to the townspeople the activities of the past year.

Foods distributed were: Flour, 5 lbs. per person, Dried Milk, 3 lbs. per person, Corn Meal, 2 lbs. per person, Lard, 1 lb. per person, Dried Eggs in cans, ½ Can per person, Rice 1½ lbs. per person, and beginning in August, Pea Beans, 1 lb. per person.

A total of 1,266 persons were fed during the year. Lowest number fed in any month was October with 74 and largest number was March with a total of 175, or an average per month of 105½. To date we have a total of 255 persons who have become eligible to receive food. However, this will vary as a family's income increases and they become ineligible. Any family receiving Old Age Assistance and Aid to Dependent Children automatically become eligible.

We know there are many more people who are eligible to receive this food and hope they will take advantage of this program. It is a means of supplementing a small pension, unemployment check or those who have large families and is by no mean to be classified as charity.

Below find a table showing the total amount of each food distributed during 1960.

Flour	6,550	Lbs.
Dried Milk	3,400	Lbs.
Corn Meal	1 010	The

Pea Beans	453	Lbs.

ABRAHAM LINCOLN

His philosophy in an economic crisis was (as necessary), that of "Eating it up, Wearing it out, and Making it do."

We need 130,000,000 Lincoln's today. Lincoln also said:

"Property is the fruit of labor; property is desirable; it is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring that his own shall be safe from violence when built."

John Millard Hughey

John Millard Hughey was born in Portland, Maine, March 10, 1896. He was a graduate of Deering High School and the University of Maine. He served two years with the 101st Engineers during World War I.

Millard and his wife, Edith I. Deering, had four daughters.

After working three years in Old Town he moved to Waterboro where he was in the lumber business until the 1947 fire. After that he was manager of Deering's Hardware at Hollis Center. He died January 23, 1961.

He was a member of the Grange, American Legion, Odd Fellows, Masons and the Shrine.

Millard served the town as selectman and as moderator for several terms.

SELECTMEN'S REPORT TO THE TOWNSPEOPLE

This is a report of the major events of public interest that have transpired during the last fiscal year, 1961. We feel the townspeople will be interested in knowing what events took place and a few facts of the financial standing of the town.

Cash Balance Jan. 1, 1961, \$22,951.30.

Cash Balance Dec. 31, 1961, \$22,623.80, a small decrease in our Cash Balance of \$327.70, not really large enough to bother. However, the amount of uncollected taxes rose from \$8,159.56 in 1960 to \$9,366.64 in 1961, an increase of \$1,207.08. While not too large an increase, it is not good trend. As of Jan. 31, 1962, \$1,286.60 more has been paid in on 1961 taxes.

You will note in reading the various summaries in the report that we have shifted banks where we have been doing our Town Business. After paying from 3% to a high of $3\frac{1}{2}\%$ on town borrowing, we found that by doing business with the Canal National Bank, we could cut our interest rate to 2%. We felt that this would be a good change.

In early May, we held a Special Town Meeting for the purpose of completing that section of State Aid Road on the Pole Line Road. It was voted to borrow \$3,300.00 on next year's State Aid Allotment to complete the small section left. We felt this was a good move and the road is now a completed State Aid Road which the State must maintain.

At this same Special Town Meeting, the proposition of James Foss, Limerick, of paying all taxes and interest on the Amelia and Carolyn Grace lot (Town For-

est) was presented and it was voted to carry this proposition over to our annual Town Meeting, at which time we will again consider the matter.

Numerous meetings have been held by the Planning Board and Selectmen in regards to the setting up of a plan for the Town under the Federal Area Redevelopment Act. Major topics discussed were the Planning and engineering of a Water and Sewerage system for Waterboro Village, repair or rebuilding of the Ossipee Mountain Road, Park or Picnic Area Development of Ossipee Mountain, and Fire Lanes and Water Holes throughout the Town. Much more work will have to be done before the overall Plan will be completed.

Conferences have been held with our Town Counsel regarding the validity of our Building Code and as to what must be done to be able to enforce the regulations provided in the Code, as changes may be necessary to vote on at this coming Town Meeting.

At the request of the State Fish and Game Department, the water in Ossipee Lake has not been lowered as much as in former years. The Department believes it is necessary to have a higher water level if the togue in the lake are to have proper spawning locations. A public meeting is planned for the first part of July of this year to discuss with the lake property owners what solution or position we should take this coming year regarding this very important matter. We hope this meeting will be well attended.

The Waterboro Municipal Building Fund now stands at \$26,514.56 and is growing larger every year. The townspeople can be justly proud of this account and it is our hope that we can continue to lay aside our annual amount each year.

We want very much to thank Fred Foss, Chairman

of the Finance Committee and his Committee of Linwood Rollins, Bertram MacDonald, Philip Brock, C. Lawrence Swett, Donald Johnson and John Hanscom for the many hours they have spent working on the Town Budget for 1961. Through their efforts and those of the Voters at Town Meeting we were able to hold the tax rate at \$36 per thousand the same as 1960. While we want our town to progress each year we must be very careful of our appropriations or our taxes will jump sky high.

The greatest disappointment the Townspeople have had this year has been the failure of our new industry to stay in business. Much time and effort has been spent by a great many to secure a new Industrial Building and Industry for the Town and the Townspeople have cooperated to the fullest extent. We are sure if we all work together that in a short time the new Industrial Building will house another industry which will bring increased employment to the people of this town. The taxes derived from this new building will be far larger than the taxes we lost through the Wirthmore Feed Co. store moving to a new location due to the discontinuing of the railroad.

We want to thank all the officers and employees in the various departments of Town Government for their cooperation and hard work in the past year. Through hard work and cooperation each year, we will all make the Town of Waterboro a better place to live for ourselves and our children.

> Respectfully submitted, Board of Selectmen

Board of Selectmen Town of Waterboro Waterboro, Maine

Gentlemen:

In accordance with Chapter 91, Section 142 of the Revised Statutes of 1954, we have audited the financial records of the Town of Waterboro for the fiscal year ended December 31, 1960.

The examination was made in accordance with generally accepted auditing standards and included all procedure which was considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules, and present fairly the financial position of the Town of Waterboro and the results of its operations for the municipal year ended December 31, 1960.

Respectfully submitted,

L. EVERETT OUTHOUSE

leo/o

TOWN OF WATERBORO

Comments

The General Fund Cash Balance, as noted in the Balance Sheet, was reconciled with the Bank Statement, and a written confirmation with the Depository Banks was made.

The Savings Account Balances of the Municipal Building Fund and Trust Funds were verified by written confirmation with the several Depository Banks.

Uncollected Taxes and Tax Liens unpaid at the time of audit were verified by written confirmation.

General

The procedure for keeping the municipal records of the Clerk, Treasurer and Tax Collector was examined, found to be adequate, and in compliance with the General Laws of the State of Maine, as required of the several officers mentioned herein.

Althogh, the selectmen do not keep the town records by double entry bookkeeping methods, and do not have a general ledger, their distribution book allocating disbursements, was found to be in agreement with the total warrants drawn, and in good order.

Scope of Audit

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording Cash Transactions. The system of internal control was revised as to the handling of cash and other matters of financial concern, and external verifications, on a test basis, were utilized to determine the correctness of recorded assets and liabilities.

Receipts and cancelled checks were examined for the year under audit. Vouchers were examined for a selected period. Bond and insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

Various laws relating to the administration of the financial affairs of the municipality were reviewed to determine that the financial transactions had been properly administered.

TOWN CLERK'S REPORT OF DOG LICENSES — 1961

During the year of 1961 there were One hundred Seventeen (117) Dog Licenses issued from this office, in addition there was one (1) Kennel License issued.

These licenses represent one hundred ninety-two dollars and forty-five cents (\$192.45) which was received and paid to the Treasurer of the State of Maine for credit on accounts from the Town of Waterboro, Maine.

The following licenses were issued:

71	Males \$	81.65
34	Spayed Females	39.10
12	Females	61.80
1	Kennel	9.90

Total

\$192.45

Respectfully Submitted,

HARRY A. SMITH, Town Clerk, 1961

NOTICE TO DOG OWNERS - 1962

YOUR 1962 DOG LICENSE will be due and payable APRIL 1, 1962. The fee for which is Males and Spayed Females \$1.40. Females \$5.40. If unpaid by June 1 you will be notified by mail and an extra fee wil be charged, as permitted by law, then, if unpaid you may be summoned into Court which will cost you several times the cost of the said dog license.

DO NOT LOOK for any bill from the Collector or Town Clerk. This is a License, not a Tax, and it is up to you to see that it is paid.

See Revised Statutes, Chapter No. 100, Section No. 14, 1954 R. S.

REPORT OF THE BUILDING INSPECTOR — 1961

The records of the Building Code show that Waterboro has gained a very substantial amount of new values this past year.

As usual some of our citizens have done work without obtaining a permit. If they could only realize the improvement this code has made to keep unsightly buildings from appearing along our highways, I feel sure they would cooperate one hundred per cent.

The Planning Committee has consulted a lawyer to ascertain what steps the town officials should or could take to enforce the code. Now that they are sure of their rights, in the future, proper legal steps will be taken to enforce the code.

Permits issued in 1961 are broken down as follows:

New work: eight cottages, four dwelling houses, six garages, one workshop and the new factory building. Additions were made on twelve dwellings and cottages. Also an addition was built at the Waterboro Company.

There were four trailers and four buildings moved into town. One trailer and one building was moved out of town.

Three buildings were demolished.

Four applications were denied as they did not conform with the rules of the code.

Let's all back this code one hundred per cent and before too long we shall have a town to be proud of. Let's get away from those ugly comments we get from those passing through our town and those who vacation here.

Respectfully submitted,

JOHN E. HANSCOM,

Building Inspector

ANNUAL REPORT OF PUBLIC HEALTH NURSING SERVICES IN WATERBORO FOR THE YEAR 1961

The general purpose of public health nursing is to help people and the community as a whole to achieve and maintain optimal health. Your public health nurse carries out this purpose by giving preventive, therapeutic, and rehabilitative services to individuals and families in their homes; through health services in schools; and through organized community programs for prevention of illness and promotion of health.

Your public health nurse visited Waterboro about once a week. A summary of services during the year 1961 follows:

Number of Child Health Conferences	3
Total Attendance	67
Physical Examinations	26
Immunizations:	
Diphtheria, Whooping Cough and Tetanus	
Complete Series	20
Booster	5
Smallpox Vaccinations	17
Polio:	
Complete Series	12
	10

Sixteen children who received their first and second shots were not completely immunized against polio. These families were advised to return to Child Health Conferences or to their family physician to complete the series.

School Health Program:	
Audiometer Tests	54
Physical Examinations	66

Immunizations:

Diphtheria and Tetanus Boosters	34
Smallpox Vaccinations	20
Polio—Complete Series	3
Boosters	42

The parents of nine children who had their first polio shots were sent notes advising them to go to the doctor to complete the series.

Home visits:

Infants	4
Pre-school	25
School Children	
Adults	
Geriatrics	
Crippled Children	
Cardiac Children	
Tuberculosis	

There were about twenty conferences with school officials and teachers, several with family physicians and hospital personnel in the interest of coordinated service to individual families.

I would like to take this opportunity to thank all who have helped me in various ways, especially the Superintendent of Schools, the Principal, the teachers, the Parents' Club whose members have so graciously volunteered to help with community health projects.

Respectfully submitted,

BARBARA A. NEY, R.N.

Division of Public Health Nursing

REPORT OF THE

SUPERINTENDENT OF SCHOOLS

To the Members of the Superintending School Committee, citizens of the Town of Waterboro:

As of January the enrollment of the elementary schools of Waterboro was as follows:

Grade	1	East	Waterboro		29
Grade	2	East	Waterboro		28
Grade	3	South	Waterboro	o	26
Grade	4	South	Waterboro	o	16
Grade	5	South	n Waterboro	OI	34
Grade	6	South	Waterboro	o	22
				o	
				ro	23
M-4-1					
Total				20	IJΙ

This enrollment is an increase of 7 over the enrollment at this same time last year.

There are 64 boys and girls from Waterboro attending Sanford High School, 1 girl at St. Ignatius High School and 1 boy at Kennebunk High School. This is a total of 66 and represents an increase of 10 in our total high school enrollment over last years enrollment at this time.

During the current school year Mrs. Ethel Bradeen, teacher in grade 3, retired after many years of service to education and youth. We were very fortunate in be-

ing able to obtain the services of Miss Carlita Smith to fill the vacancy caused by Mrs. Bradeen's retirement.

As the problems of providing for tuition pupils at Sanford High School become more acute, and the inadequacy of our own Junior High School program become more evident, the need for a concerted effort on the part of all concerned toward the formation of a School Administrative District becomes a real need. Special legislation needed for the formation of this District was enacted by the 100th Legislature. A great deal of work and planning has been done by School Committee Members and other interested citizens. We now need the assistance and drive of a large group of interested parents and friends to present the information to the citizens and seek their decision by a vote of the towns involved. Will you help us?

Once again may I express my appreciation for the continued cooperation of the School Committee, parents, and citizens of Waterboro.

Respectfully submitted,

WILLARD T. JACOBSEN,

Superintendent
